Please let me know the Morris County/Sussex County Trial Court Administrator's Mr. Arnold's email address and telephone number and provide him, Judge Bozonelis, AJSC and Judge Thomas Manahan, PJSC a copy of

this email as both are corrupt and violate their Code of Ethics and both have engaged in criminal conspiracy, obstructed justice, intimidated witnesses, and violated their Code of Ethics.

1. I, Thomas Caggiano, have personal knowledge of the facts stated herein and submit this letter as evidence per Rules of Evidence as a VERIFIED CERTIFIED AFFIDAVIT.

2. Pursuant to R. 1:38.2(a), and R.1:380.10(b) the corrupt Judge Craig U. Dana, JMC has violated his Code of Judicial Conduct as he and his court administrator have refused to provide me copies of my own convictions as requested on court record request forms and also OPRA request forms. He and his court administrator have conspired to prevent me from having the capability to make an appeal to the appellate court as they have violated N.J.S. 2C:5-2 Conspiracy as they have worked together refusing to provide me court records of my own 40 plus convictions. His court orders were clear violations of the constitutions of the United States of America, its Bill of Rights, the New Jersey Constitution, and Code of Judicial Conduct and Code of Ethic for Judicial employees as the court administrated aided the conduct designed to aid another in commission of a crime N.J.S.2C:5-1.c.

The law firm of Laddey, Clark and Ryan LLC's lawyer, a Borough Attorney for the corrupt Borough of Stanhope which is proven beyond any reasonable basis by my filed web site ThomasCaggiano.com and a DVD with 3.7 Gigs of evidence, or 6 CDs with his corrupt conspirator Superior Court Judges Bozonelis, AJSC, Manahan, PJSC, Conforti, JSC, District X Ethics Committee, State of New Jersey Supreme Court's Chief of the Supreme Court Stuart Rabner, and its corrupt Advisory Committee on Judicial Conduct ACJS as my complaint to the corrupt ACJC is published on the web site files <http://ThomasCaggiano.com/100410ACJCfile2008305DanaJMC.pdf> and <http://ThomasCaggiano.com/100511ACJCdatarequest.pdf>.

3. This is a VERIFIED CERTIFIED AFFIDAVIT based upon my personal knowledge and may be used as evidence in court per NJ Rules of Evidence.

4. The corrupt Joint municipal court of Green, Fredon, Hampton and Borough of Andover is an infested corrupt court. Its corrupt municipal prosecutor William Hinkes, Esq. and the municipal prosecutor of the Borough of Stanhope being the Law firm of Laddey, Clark and Ryan LLC is also complicit with the criminal conduct of its lawyer Richard A. Stein, Esq. who committed willful perjury in the municipal court as he falsely and knowingly stated that the Borough of Stanhope complied with the Open Public Record Act but were protected by the corrupt Department of Community Affairs' Government Record Council's panel in their administrative closing of my complaints against the Borough of Stanhope on Apr 28, 2010 of my complaints for denial of access Complaint No. 2010-67 and Complaint No. 2010-61. My response to the corrupt GRC in that they used Judge Dana's obvious illegal court order which in fact was Vacated by the corrupt Superior Court Judge N. Peter Conforti, JSC as he issued his court finding on Sep 10, 2009 that ordered Judge Dana's court ordered fines on his 44 convictions of me vacated, all probation vacated, and made a finding I was illegally imprisoned NOT for just 39 days in the corrupt Keogh Dwyer Correctional Facility but kept illegally sentencing me, re-sentencing me and re-re-sentencing while I was in Jail. The original sentences of 39 days were extended to 85 days and then I was ordered to serve additional 10 day jail sentence after my return from a cruise to the Caribbean. This additional ten day sentence was also vacated on Sep 9, 2010. The Corrupt Judge Conforti, JSC has not held hearings my many motions before his corrupt Superior Court and both he and the Sussex County Prosecutor's Office ALSO refuse to provide me court records of my own dismissed criminal Ind 08-09-316-I and it took 3 months just to get a copy on a CD ROM of the Sep 10, 2009 from the Superior Court transcriber Jane Schmidt on Dec 8, 2009. Judge Dana has

refused to provide me copies of the audio recordings so that I can correct many errors in the transcription and has refused to provide me a copy of the transcription on a CD ROM needed for

5. Based upon the above facts, I request the Trial Court Administrator Micheal Arnold to request the State of New Jersey Office of Attorney General per N.J.S. 2C:21-29 to initiate an Investigative interrogative as a result of this complaint as the non-response of my own government records is an overt act to obstruct justice, conferate in a conspiracy which has also violated the Tort Claim Act by breach of duty, neligence and causing emotional distress to Mary Pawar, 12 East Drive, Stanhope, N.J. who was in court as a witness and as I was denied my constitutional rights to call witnesses in my defense by Judge Dana, JMC. Whereas NO municipality in Sussex County has a municipal ethics board and I have filed complaints against their contractor for municipal prosecutor as Ethics complaints to each municipality, noted to the combined Joint Court Review committee with representatives of each municipality that William Hinkes, Esq. violated the code of Ethics on a constant basis, and also acted as a conspirator did NOT have a valid contract awarded per the State of New Jersey's Local Public Contracts Law and every defendent MUST be found innocent as their trials were done in violation of law as Mr. Hinkes, Esq. did NOT have any contract to represent the State of New Jersey and all convicted defendents have had their rights violated and due process by a corrupt court.

6. Per N.J.S. 2C:21-24 Definitions, the "Attorney General" SHALL include a county prosecutor or the county prosecutor's designated assistant prosecutor. David Weaver, Esq, First Assitant Prosecutor Joseph Corazza, his replacement Gregg Mueller and Assistant Prosecutor Robin Lawrie are all corrupt. They also have refused to provide me records of my dismissed indictment needed to prepare briefs. They have refused even though my former Stand-by attorney Robert Mattia, Esq. in the municipal appeals has quit as the corruption is too great as he has made many motions on my behalf that the court proceedings were unconstitutional and repeated resentencing were illegal and has been confronted by a corrupt Judicial system in chambers and in the court. Great harm is being done to the public as all persons that have complained of corruption have been criminally intimated as State Employees namely Ian Brennan of the Office of Gov was removed from his position when he requested an investigation which the corrupt Commissioner of Community Affairs Susan Bass Levin was a felon during her tenure and is NOT a member of the Local Finance Board which protects the Borough of Stanhope as it did NOT have contracts

with any professional engineer or professional planner in 2006 and 2007 and have refused to provide me its contracts which do NOT exist. Every developer and every tax payers in the State of New Jersey, the County of Sussex County and the municipalities noted above including all tax payers are adversely impacted as federal funds and grants are also though overhead and General voucher transfers between accounts in the Borough of Stanhope and illegal payments to William Hinkes, Esq., Richard Stein, Esq., and Land Use Board law firms are made on a continuous basis.

7. If you have any questions please immediately contact me via email so that I may have a record that I can forward the U.S. Attorney Fishman, the New Acting FBI Special Agent in Charge in Newark, NJ as stated to me by the FBI in Nv as a digital copy of their redacted letter is on <http://thomascaggiano.com/fbi.jpg>.

8. I and my wife are witnesses to the Office of Attorney General's State Police Official Corruption Bureau and have reported violations of Title 2C in signed CDRs in Trenton Municipal court and the Township of Green municipal court and I have filed dozens of Affidavits of Probable Causes in Morristown, Newton and Newark but the court administrators and their deputies have engaged in criminal conduct to aide others, obstructed the administration of law, been conspirators and violated their rules of ethics. NO municipal probable cause hearing on these affidavits was ever done by any municipal court judge to issue Complaint Warrants or enter the data into the Judicial system so that the public would be aware that such Certified Affidavits were made per R. 7-2 or that the court administrators conspired with their corrupt municipal judges and superior court judges and engaged in tyranny and manifest injustice by having me pay thousands in fines, be jailed for 85 days and have my property rights also violated as although my house in New Jersey was on contact for sale the Borough of Stanhope as admitted in writing by the corrupt municipal clerk Ellen Horak stated she did NOT read the envelop, did NOT read the letter in the envelope nor the check included for \$2,500 for copies of my deeds, copies of my property record cards, or even payment of rees for the Construction Code Official to perform his official duties to inspect the property for issuance of a COH and for payment of the \$50 map fee. At significant harrassment of my real estate agency Judy in the Borough of Stanhope I had to have my attorney Robert Mattia write the Borough. In the municipal court of Judge Dana as Judge Dana asked Richard Stein, Esq. can any person pay taxes in advance? Mr. Stein's response was; Yes, except Mr. Caggiano. I could not get a book out of the library, or

even apply for a pet's license, nor vote, nor appear before the Land Use Board, nor contact any prior employee of the Borough of Stanhope. Such is definition of tyranny supported by the corrupt Department of Community

Affairs Apr 28, 2010 final decision signed by the corrupt GRC chair Ms. Robin Berg Tabakin of the GRC. I can NOT examine any government record. I can not communicate with the tax assessor in any manner per Judge

Dana's vacated court order which the GRC itself for the State of New Jersey supports.

9. Neither the GRC nor the Borough of Stanhope provide me copies of their agendas in violation of OPMA as known by the Mercer County Prosecutor's Office and the Sussex County Prosecutor's Office.

10. I certify the foregoing statements made by me are true. I am aware that if any of the foregoing statements made by me are willfully false that I am subject to punishment.
